Purpose: To provide supplemental educational opportunities beyond high school to students who are descendants of those who served aboard the USS EMMONS from the date of her commissioning (December 5, 1941) to her final day of glory (April 6, 1945) so as to preserve, maintain and promote the legacy of the 60 courageous men who made the ultimate sacrifice in the defense of their ship and their shipmates against overwhelming numerically superior enemy forces on April 6, 1945 during the Battle of Okinawa. Their fighting spirit and that of the surviving EMMONS crewmembers led by Lt John J. Griffin, Jr. was in keeping with the finest traditions of the United States Navy and must be preserved for the benefit of future generations of Americans.

ORIGINAL ESSAY: (500-750 words)

Please Limit Essay to Two Pages and Include Essay with Application

Essay Prompt:

Next year, 2024, marks the 80th Anniversary of the Normandy Invasion. On June 6, 1984, during the 40th Anniversary of the Invasion attended by President Ronald Reagan and other world-wide Heads of State and dignitaries, Queen Elizabeth II made a striking speech in which she said, "There are only a few occasions in history when the course of human destiny had depended on the events of a single day. June the sixth, 1944, was one of those critical moments."

General Omar Bradley, Field Commander of American troops at Normandy's Omaha and Utah Beach, wrote in his memoirs: "Omaha Beach was a nightmare. Even now it brings pain to recall what happened there on June 6, 1944. I have returned many times to honor the valiant men who died on that beach. They should never be forgotten. Nor should those who lived to carry the day by the slimmest of margins."

- Describe the significance of the role the USS EMMONS and other American destroyers played in turning the tide of battle at a critical point during the Normandy landings at Omaha Beach as described in "The Emmons Saga" and other historical reference documents.
- Relate how the outcome of this historic battle changed the course of history for future generations throughout the world and its impact on you personally as an EMMONS family member.
- Explain why you feel it is important that the significance of June 6, 1944, and the sacrifice of approximately 3,000 American servicemembers who perished that day on Omaha Beach be preserved for future generations of Americans so as not to allow it to fade from memory with the passage of time.

Essay Judging Criteria

Evaluation of essays will be performed by the USS Emmons Legacy Committee led by the treasurer of the USS Emmons Association. It shall be the responsibility of the Emmons Association treasurer to screen all documents submitted by applicants and verify their eligibility. The treasurer in turn shall screen all essays to the extent that the identity of each essay's author remains anonymous, and subsequently forward the essays to the other members for unbiased evaluation and ranking.

In the event a relative of a Legacy Committee member submits an application, the treasurer will remove that member of the committee from participation in the scholarship selection process and replace that member with a qualified USS Emmons Association member. Also, committee members are prohibited from providing guidance or any other assistance with regard to the essay, other than that already contained herein. The Legacy Committee will judge essays using the rubric on the following page, while considering:

- Originality. Treatment of the theme should show imagination and human interest, and
- Content. Clearly express your ideas in an organized manner; fully develop your theme and use transitions to move from one idea to another.
